

# YHOOL - THINGS TO REMEMBER

November 11, 2018

1. The server is YHOOL: <http://yhool.gg>
2. It has permanent death, so only 1 life
3. There is only one character per account on YHOOL.
4. There is no flight master actually, so can't check which flight paths have been discovered.
5. Some skills are automatically learnt on character creation on YHOOL (like defense, weapons and maybe later some crafting skills).
